**DR. KONSTANTIN FRANK RIESLING  
FINGER LAKES DRY 2015**

“Cassis, blackberries, fresh herbs and spring blossom on the nose give this riesling from vineyards planted on slate soils on Keuka Lake a totally distinct personality. Although it is only medium-bodied, the racy energy, jewel-like brilliance and enormous mineral freshness on the finish make it a standout in the 2015 field! Drink now or age for up to a decade.”
