Dr. Konstantin Frank
2016 Pinot Noir

“These cuttings came through quarantine at Beltsville, Maryland (one of the two USDA facilities) and had been sourced from France. Planted in 1958. Supple and quite elegant with delicate red cherry fruit with a hint of cedar and spice under the pure fruit. Soft, textured and easy with a hint of seriousness. Has nice purity of fruit. Fine grained finish. Very stylish in a lighter style. 91/100 (\$21)”
