VINTAGE

The 2016 vintage was one of the hottest, sunniest and driest we can remember. The grapes enjoyed a longer growing season than usual. This length of season and coinciding weather conditions has allowed the grapes to develop and ripen to their fullest potential. Yields are lower but the grapes express greater concentration.

VINEYARD

Pinot Gris was first brought to the Finger Lakes by our founder. Our current plots on our Keuka vineyard were planted in 1997, 1999, and 2002 on 18-15 rootstocks. Vineyards on our Keuka estate are shallow, shale-based soils which adds minerality, acidity, and elegance. Pinot Gris was planted in 2012 on our Seneca estate vineyard located in Hector, New York, in the warmest mesoclimate in the Finger Lakes known as the 'Banana Belt'. Temperatures here are a few degrees warmer than Keuka thus providing riper fruit notes. Soils on Seneca are characterized by deep honeoye silt loam. A small portion of the grapes come from Eric Volz Vineyard, just north across the road from Dr. Konstantin Frank's plantings on Keuka Lake. Pinot Gris was planted in 1990. This vineyard is managed by Eric Volz, current Vineyard Manager for the winery, who worked alongside his father Walter and grandfather, Dr. Konstantin Frank. Soils here are shallow with high natural acidity and high amounts of shale. The vines are planted on 3309 rootstocks.
