

92	<p>2022 CHARDONNAY</p> <p>"Fermented and matured 50% in barrel (20% new oak), the 2022 Chardonnay is terrific. Deep and structured, it delivers an enticing balance of spiced fruit and mouthwatering juiciness. This is a serious Chardonnay with curves in all the right places."</p>
92	<p>2020 BLANC DE BLANC</p> <p>"The 2020 Blanc de Blanc is a broad, rich wine made in an oxidative style that highlights its sweet orchard fruit. Energetic and driven, the warmth of the 2020 growing season makes this feel sunny and enjoyable ripe. This is one of the finest sparkling wines I've tasted in the Finger Lakes."</p>
92	<p>2022 BLAUFRÄNKISCH</p> <p>"The 2022 Blaufränkisch is excellent, delivering all the charm I wish Pinot Noir would provide here. Crunchy red/purple fruit and chalky tannins lead to a floral, peppery, mouthwatering finish. This is one of the best, if not the best, Blaufränkisch I've tasted in the region."</p>
91	<p>2023 DRY RIESLING</p> <p>"The 2023 Dry Riesling is a savory, earthy expression of Riesling with mouthwatering acidity and linear drive. It boasts a deep, layered, rich mouthfeel, especially through the mid-palate, with pear and peach notes bumping up against gentle grip on the close. Elegant and intentional."</p>
91	<p>2023 EUGENIA DRY RIESLING</p> <p>"The 2023 Dry Riesling Eugenia is a beautiful wine from a high-shale portion of the estate vineyard, delivering lovely minerality that adds significant complexity to the zesty, tropical citrus-leaning, fruit. Soft in texture yet driven, the 2023 finishes with an enticing note of jasmine and lemon oil."</p>
91	<p>2023 PINOT GRIS</p> <p>"The 2023 Pinot Gris was done in a combination of stainless and neutral French oak 500-liter puncheons, an approach that works so well. Grapefruit, sweet white florals, perfume and orange oil join together in a rich yet lifted package. This is a success."</p>
91	<p>2020 RIESLING NATURE</p> <p>"The 2020 Riesling Nature is ultra-clean and fresh with salty, salivating acids and a brilliant, sparkly texture. Flinty notes of white smoke and gunpowder add intrigue. Zero dosage keeps this very racy with flavors of lemon zest, pear peel and sea salt. Lively and zippy."</p>
91	<p>2023 DRY ROSE OF SAPERAVI</p> <p>"The 2023 Dry Rosé of Saperavi is deep cherry red in the glass. It's a fantastically distinctive wine that really sits in its own lane stylistically. There's so much body here, I keep coming back to the glass for more. There's enough structure here for this to age longer than the average Rosé."</p>
91	<p>2020 LENA RESERVE</p> <p>"Longer élevage and a riper year combine to yield a wine with richer, darker fruit—exactly what I'm looking for here. Sweet dark chocolate, blueberry and lavender settle across the palate, lingering on the long finish. This may be the only wine in the world that blends these varieties."</p>
90	<p>2023 GEWÜRZTRAMINER</p> <p>"The 2023 Gewürztraminer is one of the more finessed expressions of this variety I've tasted in the Finger Lakes, taming its natural tendency toward exuberant floral intensity. Richness and opulence are present, a nice measure of calibrated acidity and spice makes this feel very varietal."</p>
90	<p>2023 RESERVE RIESLING</p> <p>"The 2023 Riesling Reserve includes some botrytis and finished at 36 g/L of residual sugar. It fleshes out in the glass with honeyed florals, apricot jam, toasted sugar and a gentle roundness. Neatly proportioned and tenderly sweet, the 2023 lingers long on an echo of chamomile flower."</p>
90	<p>2022 MERLOT</p> <p>"The 2022 Merlot benefited from the warmth of the growing season. Spiced red plum, rosewater and orange zest coast through a soft, plush-textured wine. Seamless tannins brace the finish."</p>
